Docket No. 98N-1265 0241 '99 MAY 14 P2:28

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I strongly object to your restricting the availability of individually compounded medication and specifically the definition of "inordinate amount" contained in your memorandum of understanding. My compounded prescription is necessary for me to live a normal life and is not available to my doctor from commercial pharmaceutical manufacturers nor most pharmacies.

I believe we still live in a free country and should still have a right to choose where and how I obtain medication!

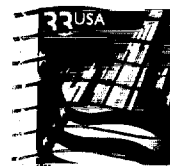

Thank you!
